That would depend on sue. I know that she is concerned about the cost.

Hi Mike,

Thanks for the update. Does that mean that no groundwater assessment
will be completed until after the insurance dilemma is resolved?

Carlo

RE: Smitty's Conoco....

No.

Sue is looking into an attorney to deal with the insurance company but we are proceeding forward with completing the UST/soil characterization report and preparing a GW assessment work plan. I'm thinking that we'll wait until the holidays are over and focus on the insurance company in January 2010.

Hi Mike,

Has anything changed with regard to the insurance company's decision on moving forward at Smitty's Conoco?

Thanks,
Carlo
